

As the premier A'cappella quartet in the region, we provide an outstanding entertainment value and variety. And since we don't require instruments, we have the ability to stroll and sing from table to table in larger venues. This can eliminate the need for sound equipment and also provides the audience with the opportunity to visit with each other while we are entertaining at another table.

"Just a note to thank you guys again for headlining our show. We really enjoyed your performance as did our audience judging by the comments I heard after the show. After-glow songs were great as well and I saw that the other quartets and visiting barbershoppers took advantage of the chance to sing with you too. "
